Applications are being sought for a full-time, non-tenure track faculty position in the Department of Clinical and Health Psychology. This is a full-time (1.00 FTE), 12-month position in Clinical Child and Pediatric Psychology.

**Position:** This position will involve research and direct clinical service focusing in the area of pediatric type 1 diabetes, as well as classroom teaching and participation in the Department’s mission of training and supervising clinical psychology doctoral graduate students, predoctoral interns, and post-doctoral associates in evidence-based practice. Applicants must have demonstrated expertise in providing evidence-based assessment and treatment of children with type 1 diabetes and their families. Moreover, the successful candidate must have experience in research and interdisciplinary research collaborations addressing issues related to type 1 diabetes. The position will include 50% research, plus a combined 50% clinical practice and teaching. This position requires an individual to have a commitment to the scientist-practitioner model of psychological training, excellent communication skills, and the ability to work effectively in outpatient psychology and interdisciplinary settings. The position will involve close collaboration with interdisciplinary colleagues conducting research and treating children with type 1 diabetes and their families in the University of Florida outpatient diabetes clinic.

**Work Setting & Gainesville Community:** This Clinical Assistant Professor will be a member of the Department of Clinical and Health Psychology (http://chp.phhp.ufl.edu/), which houses APA-accredited doctoral and internship programs in clinical psychology. Faculty hired into these positions will work closely with colleagues within the department, physicians, and other health care providers in a dynamic healthcare environment. Day-to-day clinical service delivery responsibilities may take place across a variety of settings within the UF Health Science Center, including our outpatient UF Psychology Clinic, the Type 1 Diabetes Clinic, or the inpatient units at UF Health & Shands Hospital. The UF Psychology Clinic is an independent outpatient clinic (http://chp.phhp.ufl.edu/services/psychology-clinic/) with close programmatic interactions with the UF Health comprehensive care programs (https://ufhealth.org/). The UF Health Center is the largest and most comprehensive academic Healthcare Center in the Southeast, encompassing six colleges and a statewide network of affiliated hospitals and clinics (https://ufhealth.org/locations). Gainesville is a beautiful city located in the north-central region of Florida (http://www.cityofgainesville.org/) with low cost of living, affordable housing, great schools, numerous outdoor activities, and all the advantages of a large university community.

Selected candidate will be required to provide an official transcript to the hiring department upon hire. A transcript will not be considered “official” if a designation of “Issued to Student” is visible. Degrees earned from an educational institution outside of the United States are required to be evaluated by a professional credentialing service provider approved by National Association of Credential Evaluation Services (NACES).

If an accommodation due to a disability is needed to apply for this position, please call 352-392-2477 or the Florida Relay System at 800-955-8771 (TDD). Hiring is contingent upon eligibility to work in the US. Searches are conducted in accordance with Florida’s Sunshine Law.
Qualifications:
Minimum Requirements: Applicants must have a doctoral degree in Clinical, School or Counseling Psychology and be licensed or license-eligible in the State of Florida.

Preferred Qualifications: Interested applicants should have completed APA-Accredited graduate and clinical internship programs, have a minimum of one year of post-doctoral training involving service delivery, ideally within hospital and interdisciplinary care settings, and have a background of course work and training in scientist-practitioner focused clinical psychology.

Application Instructions
Start Date, Application Materials & Deadline: This position is anticipated to start in 2019. The application requires submission of 1) a Letter of Interest, 2) current Curriculum Vitae (CV), and 3) three references. Application review will begin immediately and will continue until the position is filled.

Application Submission: All applications must be submitted online. To view the job posting online and submit an application packet, go to https://apply.interfolio.com/55566. Questions can be directed to Dr. David M. Janicke (djanicke@phhp.ufl.edu), referencing Job# 38650.

The University of Florida is an equal opportunity institution dedicated to building a broadly diverse and inclusive faculty and staff. Hiring is contingent upon eligibility to work in the US. Searches are conducted in accordance with Florida’s Sunshine Law.
