Lecturer/Clinical Assistant Professor of American Sign Language
Department of Speech, Language, and Hearing Sciences

The Department of Speech, Language, and Hearing Sciences (SLHS) [https://slhs.phhp.ufl.edu/](https://slhs.phhp.ufl.edu/) at the University of Florida invites applications for a faculty position at the Lecturer or Clinical Assistant Professor level. This is a full-time (1.0 FTE), non-tenure-track, 12-month position that is expected to start in the summer 2022. This position will involve classroom teaching of students in our American Sign Language program. This is an exciting opportunity to join a growing department that has expertise in speech-language pathology, audiology, and American Sign Language.

The ideal candidate will demonstrate a commitment to excellence in teaching, mentoring, and service. The candidate will be expected to teach undergraduate level courses in American Sign Language. They will also engage in a range of service activities including student mentorship and departmental and college committees.

Qualifications:

Candidates should have a record of academic accomplishments and teaching excellence.

Minimum Requirements: The position requires a master’s degree for the Lecturer and PhD for Clinical Assistant Professor.

Preferred Qualifications: Ideal candidates will have a MA/MS in ASL Education, Deaf Studies, Linguistics, or related field and a strong record of accomplishment in teaching including but not limited to True+Way ASL (TWA) and service.

UF SLHS:

The Department of Speech, Language, and Hearing Sciences is strategically situated within the College of Public Health and Health Professions (PHHP) and is well integrated within UF Health thereby offering a wealth of opportunities for scholarly collaborations. The department offers a Doctorate of Audiology, Master’s Program in Communication Sciences and Disorders, and Bachelor of Health Science in Communication Sciences and Disorders. The college of PHHP offers a PhD in Rehabilitation Sciences with the department leading the Communication and Swallowing Sciences and Disorders Concentration. Faculty members are strongly supported by a college level instructional design team for course development and delivery. A dedicated experienced research core for grant development and submission and post-grant management supports department research.

Applicants:

To view the job posting online, go to Details - Lecturer/Clinical Assistant Professor of American Sign Language (ufl.edu); Job# 520208. Qualified candidates should submit an application, which includes a current Curriculum Vitae (CV), a letter that describes teaching, service, and career interests, and contact information for three references. All applications should address the candidate’s commitment to, accomplishments, and plans for enhancing diversity, equity, inclusion and access within the college’s educational units and the University of Florida. Application review will begin immediately and will continue until the position is filled.

Additional Information:
